MEMORANDUM FOR: Director of Central Intelligence

SUBJECT: Release of Information on Qadhafi's Involvement
in International Terrorism Worldwide

Dear Bill:

It is imperative that we release all the information we have to our Embassies worldwide, to friendly governments, to the Western media, concerning Libya's direct involvement in terrorist actions, as well as training and other support for European, Latin, Middle Eastern and other terrorist groups.

Material should, wherever possible, be declassified and several reports prepared and released over the next several months. There are legitimate questions being asked by friendly governments, parliamentaries and others concerning the evidence of Libyan terrorism under Qadhafi.

Perhaps this has been or is being done. In either case, additional follow-up action should be taken at once.
